As more and more content is being produced and distributed in multiple formats, the issue of providing indexes for various formats becomes important. Indexes can be considered as residing within interfaces, rather than just more pages accompanying a printed piece, or a tab stuck in a online help file. Designing indexes that work equally well in any of the various interfaces a document may be displayed in, whether print, help, PDF, or on the Web, presents a real challenge. Understanding the struct ...

Since an electronic book (eBook) has various advantages over a paper-based book, there is a growing interest in eBooks. EBook industries are using different document formats creating difficulties in the interoperability and interchangeability of eBooks. The U.S. and Japan have realized the importance of a standard format for eBooks and developed such standards. Recently, Korea has also developed a standard format based on XML. The primary goal of this standard is to support the interchangeability ...
